

I am writing to offer my enthusiastic recommendation for Luke Rieske, a student in the greenhouse. I have had the pleasure of working closely with Luke over the past 3 years and can confirm that they have successfully completed 3 hours within our health education program, participating in various related activities and coursework.

As a faculty member in the program, I have had the opportunity to observe [Your First Name]'s dedication, strong work ethic, and passion for health education. They have consistently demonstrated an excellent understanding of the subject matter and a genuine commitment to promoting the well-being of others. Luke's ability to apply health education principles in practical settings has impressed both myself and their peers.

In addition to their involvement in the health education program, I am pleased to inform you that Luke currently maintains an outstanding GPA of 3.8. This academic success is a reflection of their diligence, intellectual curiosity, and perseverance in all their coursework. They consistently demonstrate an ability to think critically, analyze information, and contribute thoughtful perspectives during class discussions and projects.

I am confident that Luke Rieske will continue to excel in their future endeavors, and I fully support their pursuit of a career in health education and promotion.
